## NEW VOTING PRECINCTS TO BE ADDED IN COUNTY

County Judge George Batterton, with W. A. Thomason, of the North Middletown precinct, representing the Republican party, and W. D. McIntyre, of Millersburg, representing the Democratic party, met at the court house Wednesday and mapped out boundaries for ten new voting precincts to be added to the city and county before the November election. These new places are made necessary by the increase in population and the new women suffrage situation.

Five of the new precincts will be located in the city, and the other five in the county. A new polling place will be added to Precinct 2 of the First Ward in Paris, one each to Precincts 3 and 4 of the Second Ward, and two Precincts, 5 and 6, in the Third Ward. It may become necessary to give the three new precincts to the Third Ward. Riddles Mills will get one of the new precincts in the county; Millersburg one; Little Rock one; North Middletown one, and Centerville one.

Campaign Chairman Will G. McClintock has announced the appointment of Judge Denis Dundon as Chairman of the Bourbon County Democratic Speakers' Bureau.

Among other interesting departments in the Kansas City Star is one conducted by Rev. Burris Jenkins, formerly President of Transylvania College, Lexington. Kansas City is the home of a large number of transplanted Paris and Bourbon county people, who, Mr. Fee says, in a letter, still regard with eagerness the prospect of returning to good old Paris at least for a visit.

## INJURED FOREIGNER DIES AT MASSIE HOSPITAL

The unknown foreigner who became insane and jumped through the window of an L. & N. fast passenger train near Falmouth a few days ago, died at the Massie Memorial Hospital, in this city, Tuesday night, without having regained consciousness.

In company with another man, he had purchased tickets from Pineville to Detroit. When near Richmond he became suddenly violently insane, so that it became necessary for the train men to bind him to a seat. He was placed in charge of his traveling companion. In some way he managed to get loose from the fastenings, and emptying his pockets of about \$150 in cash, a gold watch and a number of papers, which he placed on the seat beside him, he plunged through the window before he could be restrained. He landed on his head on the opposite track. The train was stopped, the man picked up and returned to Paris, where he was sent to the Massie Hospital.

The man was about fifty years old, five feet, seven inches in height, of a swarthy complexion, and had jet black hair and mustache. The body is at the George W. Davis undertaking establishment, where it will be held several days by Coroner Rudolph Davis, while an effort is being made to locate relatives. A plaster cast was made of his features and a photograph taken to assist in the identification.

## MAYSVILLE MAN WINS BLUEGRASS CHAMPIONSHIP.

A crowd of between 300 and 500 attended the big registered shoot held on the old Hilltop Gun Club grounds, on the farm of Alfred Clay, near Austerlitz, Monday. There were sixty-six shooters participating, with a program of 200 targets.

In the professional shoot at two hundred birds Mr. Fox won with a score of 190. Leompt and Morton tied for second place, each breaking 179, and Cassidy third place with 172. In the amateur shoot at two hundred birds, Houston Hall, of Maysville, and Woolfolk Henderson, of Lexington, tied for first place, with 193 each, Henry Herndon, of Georgetown second, with 187, and Dr. Hillis, of Fayette county, third, with 186.

In the shoot for the Bluegrass Championship, Houston Hall, of Maysville, won, breaking 97 out of a possible 100 birds. Hall also won the Challenge Cup with 96 out of a possible 100 birds. Hall and Henderson tied for the high average with 193.

## MORE STORMS, RAIN AND LIGHTNING.

Jupiter Pluvius, Mars, Thor, and all the other mythical gods who were popularly supposed to have control of the weather business, are working overtime on their jobs these days, even at night when common people are asleep. Jupiter Pluvius especially has been tilting the rain barrel a little too far.

Following in the wake of recent storms a heavy downpour of rain fell early yesterday morning, accompanied by a vivid display of lightning, and loud peals of thunder. The big tension wires of the Kentucky Traction and Terminal Co. between Lexington and the sub-station, five miles from Paris, were broken in two places, interrupting passenger traffic between Paris and Lexington on the interurban line. Paris industries were without light and power until about 8:30 o'clock, when the old plant of the Paris Gas & Electric Co. was put into commission. The telephone service suffered slight inconvenience. No damage or property loss was reported from the city or county.

## FORMER PARISIAN KILLED IN CANADA.

A message from Hughton, Saskatchewan, Canada, to E. F. Spears & Sons, Wednesday night told of an accident in which a former Paris boy lost his life. A wagon team driven by James Dodson became frightened and ran away. The wagon was demolished, Dodson being thrown against a tree trunk, killing him instantly.

Young Dodson came to Paris from Blue Licks, where he had resided for several years. He secured employment as a clerk in the Owsley restaurant. A few weeks ago he left Paris to take a position on the big wheat and flax ranch of Spears & Sons, near Hughton, where several Paris and Bourbon county boys are employed. He was well liked by his employers and associates. The body will be sent to the home of his parent, in Mt. Olivet, for burial.

## PARIS TRAINMAN INJURED

J. A. Kelley, of Paris, fireman on No. 138, passenger train, on the L. & N., which arrived in Maysville, Monday morning, stuck his head out of the cab when approaching the roundhouse, a short distance east of the station, when his head struck the brick wall, badly injuring and bruising the right side of his face. Fortunately the train was running slowly and the impact was not sufficient to cause serious injury.

### SHINGLETON.

William Shingleton, aged thirty-two, a popular and highly-esteemed young insurance man of Cynthia, died in a Covington hospital, Monday, after a short illness, from erysipelas. The body was brought to Cynthia, Tuesday, where the funeral was held from the residence of Col. Wm. Moore, with services conducted by Rev. Jos. D. Armistead, pastor of the Cynthia Christian church. Mrs. Julia Porter Kenney, aged eighty-seven, died Monday night at her home, near Hutchison, in this county, of the infirmities of age. Mrs. Kenney had been confined to the house but a short time, though her illness dated back a period of several months.

Mrs. Kenney was the widow of William Kenney, for many years one of the best-known farmers of the Hutchison vicinity. She was a woman of the highest Christian character, and had a host of friends in the county and city who sincerely regret her passing. Mrs. Kenney was a granddaughter of Joseph Porter, killed at the battle of the River Raisin, and a cousin of ex-Governor Tolle, of Montana.

Mrs. Kenney is survived by three daughters, Mrs. Henry A. Erdman, of Lexington, Mrs. William B. Thomas, of Irvine, and Mrs. W. E. Risque, of Midway, and two sons, William and Benjamin Kenney, both of Bourbon county.

The funeral was held Wednesday afternoon from the residence near Hutchison, followed by interment on the family lot in the Paris Cemetery. Services were conducted at the grave by Rev. Arthur Fox, pastor of the Paris Baptist church. The pallbearers were: Chas. A. Webber, Clarence Kenney, Walter Kenney, M. R. Jacoby and Dr. Logan Gragg.

## ANYBODY KNOW HIM?

Postmaster J. Walter Payne received a telegram Tuesday from Indianapolis, Indiana, parties, asking information as to the relatives, if any here, of a former Bourbon county man, who died in that city very suddenly that morning. The telegram read as follows:

"Indianapolis, Ind., Sept. 7.

"Postmaster, Paris, Ky.  
"T. S. Montague, born in Paris, Ky., Oct. 24, 1858, dropped dead in Indianapolis, to-day. If you know of any relatives, notify them and wire W. G. Taylor, secretary B. P. O. Elks, No. 13, or M. H. Eaton, Indianapolis, Ind."

Mr. Payne is making inquiries and conducting a personal investigation, but so far has been unable to locate the man's relatives, or anyone who knows him. At different times in the past members of families bearing that name have resided near North Middletown and other parts of the county, but it cannot be learned if the dead man belonged to any of these families.

After following up several promising leads Postmaster Payne finally received a letter from Cincinnati establishing the fact that Montague had at one time been a resident of the North Middletown precinct. His last home address was given at 115 East McMillan street, Cincinnati. From there he went to Indianapolis, where he secured employment. Postmaster Payne immediately notified Secretary Taylor, of the Indianapolis Elks Lodge. The body will probably be buried in Indianapolis, unless relatives yet to be located, should decide otherwise.

## RAILROAD VICTIM'S IDENTITY NOT ESTABLISHED

All efforts of the authorities to establish the identity of the aged white man killed by an L. & N. train near Kiserston some time ago, having proved fruitless, the body was removed from the undertaking establishment of George W. Davis, and buried in the Paris Cemetery.

A letter received by Coroner Rudolph Davis from Frank J. Lafferty, acting Chief of Police at Muncie, Ind., in response to a query from Mr. Davis, did not serve to throw new light on the matter. Mr. Lafferty stated the man had been in Muncie, and said that he had no place of residence, but his home was wherever he put up his hat. While there he purchased a ticket for Indianapolis, but later traded it for a ticket to Paris. Dan Watts, of Muncie, whose card was found in the dead man's pocket, said he did not know the man, and had never seen him before until he met him in the depot.

# REAL ECONOMY IN CLOTHES

**R**EAL economy in clothes consists not in spending the least possible amount of money, but in getting the greatest possible amount of value for the money expended.

It is because this store seeks to give value above all else that we feature such smart garments that are made of all wool fabrics, firmly woven and full of wear.

Sewings are strong and long-lasting—fit is superb—outlook and outlast clothes of less careful construction. Simply overflowing with quality and value.
